The best way to protect your vehicle

■ You get to keep your well-deserved «bonus»

You discover an ugly dent on your bumper and, of course, no sign of the culprit... You hesitate about ringing your insurance company, fearing a premium increase the next time round? No worries! We bear the repair costs and provide you with a replacement vehicle without your bonus being affected!

■ Your goods are insured

During an attempt to steal your vehicle, your child seat has been damaged. You also realise that your portable GPS and your leather jacket have been stolen. Courtesy of our «Luggage» cover, we replace your personal effects in the shortest possible timeframe.

■ You are protected no matter what happens

The driver is the only person who is never insured through his or her own Civil Liability Auto insurance! Our «Driver Cover» is therefore an indispensable complement: it fills this gap and covers any bodily injuries sustained by the driver. Treatment fees, medical care, loss of income in the event of an incapacity to work, invalidity or even death can be covered up to an amount of EUR 1 250 000.
