Insurances | **CONSTRUCTIONS**

Insurances | CONSTRUCTIONS

Don't take any risks – insure yourself against all construction material damage.

The constructions insurances from **APROBAT LALUX Assurances** offer you complete protection and personalised support, whether you are starting a construction, remodelling or renovation project.

APROBAT offers optimal solutions for professionals and individuals alike!

- Are you an architect, a contractor, an engineer, a design office or a developer? **APROBAT** offers specific solutions dedicated to construction professionals.
- Are you, as a private individual, planning to carry out work on your house or flat? Whatever the scale or nature of your real estate project, **APROBAT** assists you before the start of the work and even after its completion.

Get informed right from the start of your project

It is essential to take out construction insurance before work begins!

CONSTRUCTIONS INSURANCES AT A GLANCE

ALL RISKS CONSTRUCTION

Ultra-complete guarantees during the work

- Have the newly laid tiles been damaged during the installation of the sanitary facilities?

You are insured against damage due to the negligence, clumsiness, inattention and human error of your suppliers.

- Have the windows been broken by burglars? Have the thermostats already installed on the radiators disappeared? Is the sanitaryware damaged?

Burglary and vandalism are included in the **All Risks Construction** insurance.

PROPERTY COVERED

YOUR BENEFITS

YOUR CONSTRUCTION IS MONITORED BY SPECIALISTS

You don't have the time or expertise to inspect your construction site? You can count on the know-how and experience of **APROBAT's** team of engineers and construction specialists.

METICULOUS INSPECTIONS AT A REDUCED COST

If the value of the construction is less than € 5 000 000, **APROBAT's** technical engineers carry out the compulsory inspections on your construction site in the framework of the **Ten-year Civil Liability** insurance.

There is no need to go through an external control office. Your interests come first – the inspections are carried out in a effective and accurate manner. Your costs are kept low and procedures are simplified, thanks to **APROBAT's** unique concept in Luxembourg, which combines insurance and technical inspections on site.

QUICK AND EASY SETTLEMENT IN THE EVENT OF A CLAIM

In the event of a claim, you are insured of rapid settlement, regardless of the issue of liability. Delays in your construction are avoided and the damage is taken care of instantly.

GUARANTEED PROTECTION

With the **Ten-year Civil Liability** insurance, you can be sure that you will be compensated in case of material damage, even if the contractor goes bankrupt.

BETTER QUALITY FOR YOUR HOME

At each stage of your construction project, your site will be checked to protect you against defects and poor workmanship.

easyPROTECT | HOME

OPTIMAL PROTECTION FOR YOUR HOUSING

The construction of your new home is about to be finalised, think now about insuring your property with **easyPROTECT Home**, the multi-risk home insurance that adapts to your individual needs through its three packages: Safety, Comfort and Performance.
